

## AN ACTOR PREPARED

An actor experiences  
Other people's lives  
Through a metamorphosis of mind

Words sifted through a membrane of  
Archetypal truth

Emotion held in space and time  
And passed from body to body  
Becoming real and imagined

On stages of humanity  
Bound together  
In the fabric draped from  
Shoulder  
to  
loin

Footfalls on a distant planet  
Three orbits from the sun.
